WALL PANELS

GOVERNOR

One popular design, the governor design is our most economical option, while still being stylish. Some highlights include fast and easy installation, and effortless panel repair.

GOVERNOR LUX

Our best selling design, the governor lux is still economical while giving you the most panel protection. Panels are usually a mix of laminate and metal, but can be done any height, any material

DIPLOMAT

Modern and trendy, the diplomat design is a basic horizontal panel layout. Some highlights easy installation & up to date look.

DIPLOMAT LUX

A twist on the classic Diplomat, the Diplomat Lux adds that design oomph that many come to expect from our work

AMBASSADOR

Nothing says “Elevator cab” like the Ambassador layout. Installed with hanging Z clips, the ambassador offers many more textures and material choices for panel finishes.

AMBASSADOR LUX

Give your elevator the look it deserves with the maximum durability and ease of repairs.

PRESIDENTIAL

Trendy and stylish, the presidential design adds that “wow” to your cab. Stay up to date on design and fashion with our presidential series.

PRESIDENTIAL LUX

A combined popular combination of horizontal and vertical panels, let the elevator rides be a thing that's remembered.

A photograph of three modern, stainless steel elevator cabs in a dark, curved hallway. The cabs are sleek and reflective, with their doors slightly ajar. The hallway has a dark, possibly black, wall and a light-colored, polished floor. The lighting is soft, highlighting the metallic surfaces of the elevators.
